JUNE BALLET TECHNIQUE CLASSES

The June ballet classes are geared to students wanting an extra push with their ballet training and serve as a compliment to the August intensives. Classes are open for students in RAD Grades 2 upwards and will focus on technical fundamentals, flexibility, strength and knowledge of steps. This series of classes will be a significant help in maintaining their ballet technique through the summer. These classes will not focus on exam syllabus exercises but will be 'open' classes or non syllabus classes.
